IN THE SOCIAL SWIM.

A WEEK'S HAPPENINGS CHRONICLED.

Accounts of Balls, Parties, Weddings
Etc., That Have Entertained Society.

The Last but One.

The Pleasant Hour Juniors met again last evening at Temple hall and indulged in another of their delightful parties. A large number of the members and their friends turned out to enjoy the evening's entertainment afforded them and all present went home feeling that they had accomplished their design. About twenty couples were present and doubtless many more would have been there if not for the fact that the party occurred during the Lenten season.

But one more party will be given this season, which will probably take place April, 5 and thus close a brilliant season for the Pleasant Hour Juniors.

A Pleasant Event.

Miss Minnie Gaylord entertained a number of friends at the family residence Wednesday evening. In the party was a dozen couples, all of whom enjoyed the occasion participating in progressive euchre and high five. Refreshments later in the evening added materially to the pleasures of the affair.

Back From Washington.

The party of state officials and a few friends returned Monday from the nation's capital, feeling happy and hearty. They report having had a most delightful trip and equally as pleasant a time at Washington. The party consisted of the following ladies and gentlemen: Land Commissioner Steen and daughter Miss Nora, Secretary Laws and daughter Miss Gertrude, Treasurer Hill and daughter, Judge Mason and daughter Miss Boswell, Attorney General Leese and wife, Judge Reese and wife, Auditor Benton and wife, Railroad Commissioner Warring and wife, Mr. M. I. Aitken and sister Mrs. Hard, Mr. D. J. Hamilton and Rev. J. D. Tate.

Social and Pleasant.

Of late the East Lincoln social club has been enjoying really more entertainment than its charter allows and were it not for the fact that the difficulty had been remedied THE COURIER would have applied to the legislature to pass a bill to cover the case. In starting the club it was decided and so placed in the by-laws that a meeting for enjoyment should be had every two weeks, but of late the club has not lived up to this law but has enjoyed an elegant time every week.

The last occasion was a pleasant one the club being entertained at the home of Mr. and Mrs. Stevens on Twenty-ninth street. Dancing and cards caused the evening to pass very quickly and it took but the announcement of refreshments at the usual hour to give one to understand that the night play was drawing to a close. Everyone enjoyed the features of the evening much to the credit of the popular host and hostess.

Hereafter as formerly, the club will meet every two weeks, the next gathering being at the home of Mr. and Mrs. S. J. Tuttle Thirtieth and O street.

Will Honor St. Patrick.

The Irish national league have sent out invitations inviting their friends to the St. Patrick's celebration at the Funks Monday evening. Prominent speakers will address the assembly, Governor Thayer presiding. Music both vocal and instrumental will be an attractive feature of the program. Seats in the parquette will be reserved for ladies and their escorts. Tickets are being distributed among friends all of whom are requested to be present at eight o'clock. The invitation committee is composed of Hon. Jno. Fitzgerald, John F. Sutton and James Kelley.

Are You on to Their Racket?

Thursday evening a meeting of the new Lawn Tennis club was held at the office of the Pomeroy Coal Co., and arrangements perfected for a permanent organization, consisting of thirty members all of whom will be shareholders. The boys elected a board of officers to whom was assigned the duties of securing suitable grounds, large enough in which to lay out four courts two of which will be reserved for the exclusive use of the ladies.

It is the intention of the club to build a club house which will be amply provided with bath rooms, dressing rooms and cozy parlors which will be for the sole use of the members and their friends. It is a move the society people will greatly appreciate and should receive the encouragement of both young and old. The officers elected were: President, C. C. Barry; Vice-president, S. L. Geishardt; Secretary and treasurer, C. G. Dawes; Executive committee, H. H. Townley, Will Owen Jones and Hal. C. Young.

Pleasantly Entertained.

Last evening Mr. and Mrs. K. K. Hayden entertained a company of friends in honor of Senator W. A. Paxton and wife of Omaha. During the evening cards were a prominent feature, and music by Miss May Potvin proved a most pleasant pastime. Refreshments were duly enjoyed and the occasion was one fraught with the usual congenial hospitality for which Mrs. Hayden has gained an enviable reputation.

A Nobby Shoe for Ladies.

With the approach of spring new styles and novelties in footwear like other lines of fashionable attire, come in for their share of public attention and not the least is the shoe that is worn by the lady who delights to see her tiny foot encased in a neat and pretty oxford, a button, newport or some other desirable shape.

The shoe for general wear among the select society for spring will be a colored Oxford, made up of the beautiful Ouse calf. Perkins Brothers this week opened a line of these goods in all widths and sizes, and as an attractive and neat appearing shoe, certainly excel anything heretofore introduced. It is not a flashy shoe, yet it has all the essential points of ease and comfort at the same time being elegant and stylish. The lace is silk, of color to match and the trimmings consist of a fancy tip, lace pieces and quarter, all made of Russian leather. Ladies need but to see this stylish shoe to admire it. They are all the go east and already Lincoln ladies are seen wearing them. Perkins Brothers will take pleasure in showing these and other fashionable goods to all who call.

A large attendance enjoyed the occur in one of the principal features being a paper entitled "Foreign Substances in the Ear" by Dr. W. L. Dayton. At the conclusion of the meeting those present participated in a feast of digestible goodies.

Miss Shaffenberg well known in Lincoln society, is now a resident of Monterey, Mexico. The announcement that the lady is to be married about April first to a Mr. Sheldon H. Bassett of Birmingham, Conn., will be received with pleasant surprise by her many friends here. Mr. Bassett is a gentleman of considerable wealth and in receiving so charming a lady as Miss Shaffenberg both are to be congratulated.

For enterprise and "git thar" Abbott, the popular owner of the Capital Hotel Billiard Parlors, heads the list. While in Chicago recently he became interested in the great eastern craze, "Red, White and Blue" and at once purchased an outfit, which now seems an endless source of amusement to both young and old. Between this and "Pin Pool" his table (two of which he has set aside for these purposes) are constantly in use. If you don't play yourself, drop in and watch the boys indulging in the new game. For an innocent amusement it beats them all.
